SELECTMEN'S REPORT

It is indeed a pleasure for the Selectmen to announce that through the generosity of Mr. Redfield Proctor the Town Forest was enlarged by approximately 127 acres. The land, situated in the Town of Pittsford, borders the west side of the Proctor Town Forest. It was partially planted with white pine in 1916 and now has some mature oak and white pine which should be cut.

Due to the delay in receiving bills from the State Highway Department, as well as some State Aid Road funds, the Highway Account does not portray a true picture of the year's activities. We refer you to the Road Commissioner's Report.

The Double Road cross road has been closed to traffic since early September because of the dangerous condition of the covered bridge. A hearing is to be held to determine the need for continuing this cross road.

Some needed minor repairs will be made on the Gorham Bridge during the coming summer.

The balustrade of the Marble Bridge was cleaned and painted by Vermont Marble Company employees.

Your attention is respectfully referred to the continual decline, during the past four years, in the balance carried forward each year in the General Account. It has been the custom in the past to transfer needed funds to balance the Highway Account. We believe some consideration should be given to increasing the Highway Tax so as to make that department non-dependent upon the general tax receipts.

A financial statement of expenditures under direct control of the Selectmen can be found on the three preceding pages.

Our Welfare Account increased \$253.38 during the past year. During this same time the payments from the Vermont Department of Social Welfare has increased \$1,313.65. The Board of Selectmen do not have access to the detailed information concerning these payments. Total payments of welfare to residents of our community amounted to \$16,308.92 during 1949.

We express our sincere appreciation to those Townspeople and State Officials who have so generously assisted us during the past year. We invite suggestions which may in any way improve our community.

For the convenience of the taxpayers who may wish to confer with the Selectmen, the Board meets regularly in the Town Clerk's Office each Thursday at 5:00 P.M.

EDWARD W. OLSON,
JOSEPH F. SHERLOCK,
F. J. OLNEY,

Selectmen.

VERMONT DEPARTMENT OF SOCIAL WELFARE

MONTPELIER, VERMONT

In accordance with established custom, we are presenting a summary of State assistance payments during 1949 to individuals applying from Proctor.

These payments are financed entirely from State and Federal sources except Aid to Dependent Children in which the town or city participates to the extent of 12½ per cent and committed children for whom the municipality reimburses the State for one-half the cost. The cost of all programs reflects to a large degree the economic consequences of the devaluation of the American Dollar in terms of purchasing power and its effect on savings and investments.

Approximately 80 per cent of all welfare and assistance in Vermont is now paid by the State. Vermont has proportionately fewer individuals receiving aid and smaller average payments than the National average. Over 95 cents out of each public assistance dollar is paid to recipients and less than 5 cents is used for administration. No other State has a better record.

Old Age Assistance	\$6,891.35
Aid to the Blind	690.80
Aid to Dependent Children	2,865.15
Adult Crippled Aid	23.00
Committed Children	741.79
Total	<hr/> \$11,212.09

W. ARTHUR SIMPSON,
Commissioner.

HIGHWAY COMMISSIONER'S REPORT

A considerable amount of work was done on the highways this year by both the regular Town help and help from the State.

Main Street and a portion of South Street were resurfaced with a hot asphalt material.

Various types of tar retreatment were applied to the West Road, beginning at the Double Road Crossing and extending north through the Village to the Gorham Bridge.

South Street from Grove Street to the Riverside Cemetery was resurfaced with a tar-pea stone grader mix.

Garden Street was surface treated with two applications of tar and gravel.

All claims for reimbursement from the State for this work were not settled before the end of the year, nor were all bills received from the State, so the Highway Account does not show a complete record.

There were extensive repairs made to many sections of hand railings. This work was done by workmen not regularly employed by the Town.

Sidewalks were improved at the Post Office, along Main Street and North Street.

F. J. OLNEY,
Highway Commissioner.

HEALTH OFFICER'S REPORT

1949

There was an epidemic of measles during the spring months of March, April and May. Fortunately with the aid of immune serum supplied by the State, mortality and complications were held at a minimum. In all there were 140 cases of measles with only one death.

A pre-school clinic, sponsored by the P. T. A. was held in May. Small Pox vaccinations were given to 28 pre-school children and 26 school children, and 25 pre-school children and 20 school children were given diphtheria toxoid.

A school health program was started in August. Plans were made to examine each student. As of January 1st, 187 pupils have been examined.

In spite of the drought and unusual hot weather of the summer months, there was very little intestinal disturbance noted by this officer, or found to be the experiences of the various doctors in this locality.

All samples of water from the swimming pool tested were found to be satisfactory.

Samples of the drinking water were sent each week and the laboratory report the following for the year:

Samples	46
10 ml. portions (sample x 5)	230
Portions showing Coliform Organisms	65
Per cent of Portions showing Coliform Organisms	28
Per cent of Portions showing Coliform Organisms in three or more portions	26

Respectfully submitted,

HENRY J. FREGOSI, M.D.,

Health Officer.
